<input type="checkbox"/> Moisture Testing	Determine sample moisture level upon receipt (Subject to an additional \$15 fee)

Crop Monitoring:

If multiple tests have been ordered, your results will pair up to historical results if the "Crop Name" is consistent. Historical results are only compared for the current calendar year. For prior year information, please contact us.

***Sendouts:** Samples sent out for testing will be resulted on VerdaSure reports roughly 10 business days after receipt

Microbials - E. Coli, Salmonella, Aspergillus niger, Aspergillus fumigatus, Aspergillus flavus, Aspergillus terreus

Heavy Metals - Lead, Arsenic, Cadmium, Mercury

Pesticides - Abamectin, Acephate, Acequinocyl, Acetamiprid, Aldicarb, Azoxystrobin, Bifenazate, Bifenthrin, Boscalid, Captan, Carbaryl, Carbofuran, Chlordane, Chlorfenapyr, Chloromequat chloride, Chlorpyrifos, Clofentezine, Coumaphos, Cyfluthrin, Cypermethrin, Daminozide, Diazion, Dichlorvos, Dimethoate, Dimethomorph, Ethoprophos, Etofenprox, Etoxazole, Fenhexamid, Fenoxycarb, Fenproximate, Fipronil, Flonicamid, Fludioxonil, Hexythiazox, Imazalil, Imidacloprid, Kresoxim-methyl, Malathion, Metalaxyl, Methiocarb, Methomyl, Methyl parathion, Mevinphos, Myclobutanil, Naled, Oxamyl, Paclobutrazol, Pentachloronitrobenzene, Permethrin, Phosmet, Piperonyl butoxide, Prallethrin, Propiconazole, Propoxur, Pyrethrins, Pyridaben, Spinetoram, Spinosad A & D, Spiromesifen, Spirotetramat, Spiroxamine, Tebuconazole, Thiacloprid, Thiamethoxam, Trifloxystrobin

Solvents - Acetone, Acetonitrile, Benzene, Butane, Chloroform, 1,2-dichloroethane, 1,1-dichloroethane, Ethanol, Ethyl acetate, Ethyl ether, Ethylene oxide, Heptane, Hexane, Isopropyl alcohol, Methanol, Methylene chloride, Pentane, Propane, Trichloroethylene, Toluene, Total Xylenes

Official Compliance Testing:

As per the 2021 USDA Final Rule for hemp, acceptable hemp will have a value at or under .3% for the total THC. This is calculated by the value of Delta-9 THC + 87% THCA, and compared to the range established through a measurement of uncertainty. VerdaSure's Measurement of Uncertainty will be published on your final report. If .3% or less is within that range, the sample will be deemed acceptable. Any samples submitted for compliance testing will be reported to the USDA regardless of the result. You will be permitted to request a single retest, at an additional charge, for sample VerdaSure has remaining from your original submission. All compliance testing will require a 3rd party certified Sampling Agent to provide the samples for testing. Samples can be no older than 30 days.

Signature _____

Your signature authorizes VerdaSure to test your sample for the above listed compounds. Your signature also indicates you have reviewed the sample instructions and have submitted as instructed. Improperly prepared samples will not be tested. Upon signing and submitting this form, you indicate you have accurately labeled your sample specimen to be consistent with this requisition. VerdaSure reserves the right to use data collected from testing to assist with research in the hemp community. If data is utilized, all data will be masked and personal identifiers will be removed.
